Mr Geoff Brown

Dear Geoff

I refer to our telephone conversation when we discussed your concerns about a bushfire threat to the 5000 homes planned for the ADI site.

I have written to the Hon Diane Beamer MP, Minister for Western Sydney to seek her comments and advice on any action that may be proposed regarding bushfire protection for the ADI development.

You also mentioned you had requested a meeting with the Hon Tony Kelly, Minister for Lands to discuss this issue and that you were still awaiting his advice. Accordingly, I have contacted the Minister to ask if I could be apprised of any developments in this matter.

I will be in touch with you further when I receive the Ministers' replies.

Yours sincerely,
