Dear Mr Brown,

ADI Site – Regional Park

Council was recently advised by the Department of Planning (DoP) of the State Government's intention to increase the size of the Regional Park proposed on the ADI Site, St Marys to 900 hectares. This proposal has now been incorporated in draft amendments to Sydney Regional Environmental Plan No. 30 – St Marys (SREP 30) which is currently being exhibited by DoP.

Council has recently considered these proposals and resolved to formally recognize your Group's efforts in helping to bring about this significant conservation outcome.

On behalf of the Council, I would like to formally extend our appreciation of the role your Group played in achieving this significant milestone.

Yours faithfully,

**Alan Travers
