

2 November, 2005 (4130/2 Part 66)

Mr Geoff Brown  
ADI Residents Action Group  
PO Box 4134  
WERRINGTON NSW 2747

Dear Mr Brown,

**ADI site, St Marys – SREP 30 Amendments and request for site inspection**

I refer to your email dated 25 October, 2005 which discusses the possible timing for the exhibition of draft amendments to Sydney Regional Environmental Plan No. 30 – St Marys and seeks an on-site meeting with North Ward Councillors to discuss matters such as the location of drainage basins on the ADI site.

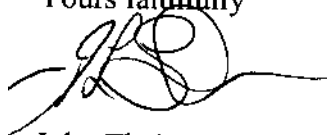

We have been in contact with DoP who have indicated that the draft Plan may possibly be exhibited later this year, however we are yet to be advised of any decision on timing of the exhibition. We are also seeking advice from the Department on any specific proposed amendments, including the size and location of drainage basins and any studies that are to be carried out to determine required amendments to the Plan.

Our view is that a drainage review will be required and should be carried out by DoP in order to properly determine the appropriate size and location of drainage basins within the ADI site, including the proposed basin adjacent to Cambridge Gardens.

I appreciate your request for an on-site meeting, however it is not considered appropriate to hold such a meeting at this stage until the content and timing of the draft amendment and exhibition has been determined and the need for basins has been established.

I thank you for your interest

Yours faithfully

John Thain  
**Mayor**
