Letter by fax  
Diane Beamer  
Minister Assisting the Minister for Planning and Infrastructure  
Minister for Western Sydney

**RE: Invite to meet with ADI Residents Action Group, Thursday 27<sup>th</sup> May 2004**

Dear Minister,

You are invited to meet with residents opposed to the development of the former ADI St Marys on Thursday the 27<sup>th</sup> May 2004 at 7.30 pm.

Minister we have invited you to our meeting to give you the opportunity to discuss your recent comments that the State Government cannot stop the development of the ADI Site and if it did compensation would be payable to Lend Lease. You also have stated that you have received legal advice claiming that compensation would be payable if the State Government revokes the planning instrument or stops the development.

Minister this would be a good opportunity for you to show us your legal advice, clarify why the State Government has no power to stop the development of the ADI Site and to discuss the development in general. We believe that you could not attend our previous May 5 2004 Public Forum because you had parliamentary duties. NSW Parliament is not sitting on this date.

Please respond directly to me at your earliest convenience on 0431 222602 to confirm your attendance and for further information. We normally meet at Nth St Marys Neighbourhood Centre but may have to shift to another venue for this meeting.

Yours truly,

Geoff Brown  
Convenor  
ADI Residents Action Group
