RE: Invite to address Public Forum
Topic - can the ADI Site be saved? If so, how, if not, why not?

Dear Jackie

The ADI Residents Action Group is inviting you to address a public forum, 7pm, Wednesday May 5, at the St Marys Memorial Hall, corner of Gt Western Highway and Mamre Rd St Marys.

The topic of the public forum is can the ADI Site still be saved? I so, how, if not, why not?

The question of can the ADI site can still be saved is one, which many thousands of Sydney residents are now asking. Recent media publicity has put the ADI Site and the politics behind it under the microscope. This forum gives you, as a key decision maker in this issue, the opportunity to publicly answer that question.

We believe that this is a matter of great public interest and urge you to attend. We will be inviting the media to the forum because of their interest in this topic.

Other invited speakers include, Roger Price, Dianne Beamer and David Bradbury.

Please respond directly to me at your earliest convenience on 0431 222602 to confirm your attendance and for further information.

Yours truly,

Geoff Brown
Convenor
ADI Residents Action Group
