**Re. Inventory of DEH licences and permits given to Joint Developers of ADI Site St Marys**

To whom it may concern

The ADI Residents Action Group seeks from DEH an inventory of the various licences and permits issued under the EPBC Act allowing Comland and Delfin Lend Lease, the Joint Developers, to conduct activities on the former ADI Site St Marys.

This information is needed to prove whether certain activities occurring on the site have been properly authorised and by which agencies, e.g. a State or Federal responsibility.

Could you please forward this email letter to the appropriate DEH department and request that this matter be dealt with ASAP. A response via email would be fine if possible, [cwmalis@mpx.com.au](mailto:cwmalis@mpx.com.au).

Thankyou for your assistance in this matter of great public interest

Yours truly,

Geoff Brown  
Convenor, ADI Residents Action Group
